MOB KIDS

FRUITY FACES COLLAGE

FRUITY FACES COLLAGE

You will need:

- A4 paper, white or coloured
- A3 paper, white or coloured
- Coloured crayons or pencils
- Textured biscuit
- Scissors
- Glue

WHAT FRUITS AND VEGETABLES DO YOU HAVE IN YOUR KITCHEN? WHAT DIFFERENT TEXTURES, TASTES AND SMELLS DO THESE FRUITS AND VEGES HAVE?

ADDITIONAL ACTIVITY: EXPLORE FOODS INCLUDED IN THIS ACTIVITY AND HAVE A TASTING SESSION TRIALLING THE FRUIT AND VEGETABLES!

How to:

1. Print out **Elizabeth Willing's** fruit and vegetable stamps onto A4 paper (coloured or plain paper). Look at the printout and discuss what kind of fruit and vegetables are on the sheet.
2. Cut out the fruit and vegetable stamps — leave a border around the stamp. If printed on plain paper, colour in your stamps using pencils, crayons or pens.
3. Select a plain piece of A4 paper, a coloured pencil/crayon and a biscuit. Place the biscuit onto a plate with the plain paper on top. Gently, using a pencil or crayon at an angle, colour over the top of the biscuit. You should see the texture of the biscuit come through the paper. Fill as much of the paper as you can by moving the paper around over the biscuit. This creates the hair for your Fruity Face!
4. Cut out the textured paper into strips or natural shapes for the hair of your portrait. You now have all the pieces ready to create your portrait!
5. Place your plain A3 sheet of paper down, and using the fruit and vegetable stamps and textured hair you can now create your portrait. Play with the cut-outs in different layouts to build your portrait!
6. Once you are happy with your portrait, glue all the cut-outs onto the A3 piece of paper.

LOOK AT THE SHAPE OF THE FRUIT AND VEGETABLES YOU HAVE CUT OUT — WHAT CAN BE USED TO CREATE A NOSE, EYES OR MOUTH?
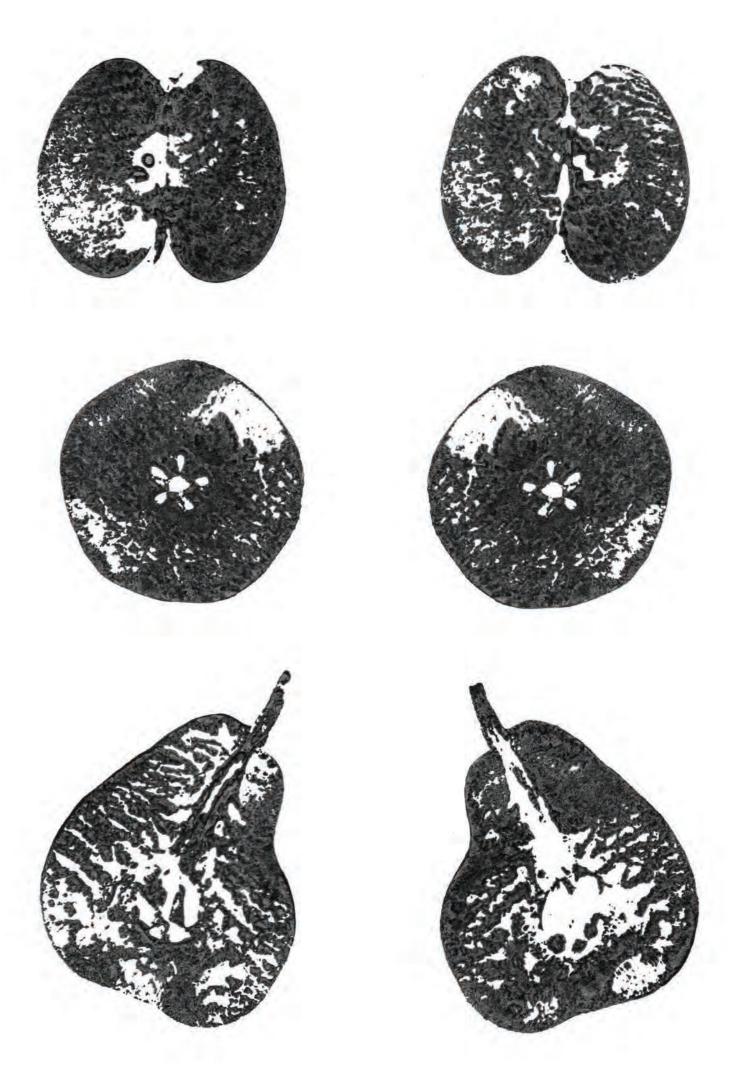

*HOW CAN YOU MAKE A HAPPY, SAD, OR ANGRY FACE BY MOVING THE CUT OUTS INTO DIFFERENT ARRANGEMENTS?*
